

Things To Know.

6.

**Playing on the
battle beam.**

First, I will wait at the black fence.

A staff member will give me a battle stick.

I walk on to the battle beam and wait for the staff member to say "Go".

The staff member will then say "Go" and the game then starts.

I will try and knock the other player off the beam. I hit their body with a foam stick.

Try not to hit the other players head, it might hurt them!

The game is finished when one player falls off the beam. Maybe I will fall, thats okay! I can try again!

I can line up at the black fence and try again.
