Next, I can watch a video about the rules of Jump Zone.

After this, it is time to go and play.

The party host will tell me where to go.

This is so much fun!

I can ask the party host for help at any time.

When it is time to go to another court, the party host will blow a whistle.

When the whistle is blown it is time to line up.

Then, I will go to the next court with the party host.

I can go to the toilet at any time.

When it is time to finish playing, the party host will blow the whistle.

The party host will tell me it is time to finish jumping.

I will line up and then walk to the party room with the party host.

It is time to go to the party room and have some food and drinks.

I can put my bib in the bib bucket.

When the food is finished, it will be nearly time to say goodbye.

An adult will tell me when it is time to put my socks and shoes on.

I can say goodbye to my friends and the party host.

Other people may still be playing on the trampolines, this is okay, my turn is finished.
